

Building Tomorrow's Future Today

Appointments to the Governing Body

Opportunities exist to join the governing body of Otley College one of East Anglia's fastest growing, high quality colleges. We have grown significantly in the last few years in both our Further and Higher Education provision however we are still a relatively small college with a base in our traditional specialism of Landbased studies.

The Board usually meets around 5 times a year and each Board Member is normally invited to sit on one or more sub committees. Board appointments are not remunerated, but expenses are paid.

Applications are now invited from enthusiastic and committed people willing to serve in a voluntary capacity who have an interest in the education and training of young people and adults along with current or recent experience at senior level either as a professional, in the private sector or public service.

If you are interested in learning more about the duties and commitments of a College Governor please contact: Arthur Hicks, Clerk to the Corporation, Otley College, Charity Lane, Otley, Ipswich, Suffolk IP6 9EY.

Telephone: 01473 784178

Email: ahicks@otleycollege.ac.uk

The College encourages applications from people with diverse backgrounds and ethnic backgrounds.
